

PLASTERER CARE

**When You Purchase A Machine,
We Deliver Our Company!**

From a quote of the late John Deere “I will never put my name on a product that does not have in it the best that is in me”, to the motto of Plasterer Equipment Co “When you purchase a machine we deliver our company”, let us introduce you to Our Plasterer Care Plan, An Ultimate Uptime solution featuring John Deere WorkSight™.

John Deere WorkSight solutions enable contractors to optimize machines, uptime, and jobsites!

From the first conversation about your product to our technicians hands giving your product that final stamp of approval, you can be assured that your machine will have an extensive inspection completed to your satisfaction. Each of our machines will be delivered with a birth certificate; included with it will be all machine and attachment information, vital setup specifics and operator manuals.

- Minimum 50 point Pre Delivery Inspection
